PRESS RELEASE

FOR IMMEDIATE RELEASE

GROUPE ACCESS & TENET COMPUTER GROUP INC. Join Forces to Better Serve Central Canada

Montréal, Qc | May 16th, 2016 –

Montréal-based Groupe Access and Toronto-based Tenet Computer Group Inc. have inked an agreement that will create an I.T. powerhouse in Central Canada. The combined team will be 100 employees strong, supporting sales in the mid \$30m range.

“Groupe Access has long sought to further expand into the Ontario market. The synergy between the Groupe Access MSP and Cloud Teams with Tenet’s experienced and solid VAR group was immediate and to the benefit of all our customers. We could not be more confident in our future together”, said Doug Elie, president of Groupe Access.

“This is definitely an all-around win-win for GROUPE ACCESS, for TENET, and, most importantly, for our Customers”, said Kitty Atkinson, Executive Director – Tenet Group. “Combining GROUPE ACCESS’ managed services and cloud expertise with TENET’S deployment and technical resources will help us expand and offer more services to our existing and future clients in Ontario, Québec, and beyond.”

According to the terms of the agreement, while GROUPE ACCESS has acquired TENET’S VAR business, TENET will continue operating under its’ own banner, as part of the Groupe Access family of companies.

About GROUPE ACCESS

Groupe Access was founded in 1993 and has become one of the leading hardware, managed service and cloud services firms in Canada. Groupe Access provides end-to-end hardware, IT and business process services to clients across Canada.
